Utilities and Renewable Energy Companies

Ask your utility about renewable energy options! Most utilities will bill you on your regular utility bill. Some of these companies offer options that allow you to purchase less than 100% renewable energy to make it even more affordable. Here are some renewable energy companies:

New Wind Energy 1-866-WIND-123

EnviroGen 1-716-631-1517

Green Mountain Energy Electricity 1-800-810-7300
